INDEPENDENT AUDITOR'S REPORT

To the Board of Directors St. Landry Waterworks District No. 2 Rural Sunset, Louisiana

We have audited the accompanying financial statements of the business-type activities of the St. Landry Waterworks District No. 2 Rural, a component unit of the St. Landry Parish Government, as of and for the years ended June 30, 2010 and 2009, which collectively comprise the District's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of St. Landry Waterworks District No. 2 Rural's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in <u>Government Auditing Standards</u>, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of St. Landry Waterworks District No. 2 Rural, as of June 30, 2010 and 2009, and the results of its operations and cash flows of its proprietary fund type for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with <u>Government Auditing Standards</u>, we have also issued our report dated October 20, 2010, on our consideration of the St. Landry Waterworks District No. 2 Rural's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

To the Board of Directors St. Landry Waterworks District No. 2 Rural Page 2

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the St. Landry Waterworks District No. 2 Rural's basic financial statements. The other required supplementary information on pages 16 and 17 is presented for the purposes of additional analysis and is not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Nonprofit Organizations," and is also not a required part of the basic financial statements of the St. Landry Waterworks District No. 2 Rural. The Schedule of Expenditures of Federal Awards has been subjected to the auditing procedures applied in the audit of the basic financial statements taken as a whole. The other required supplementary information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on it.

St. Landry Waterworks District No. 2 Rural has not presented management's discussion and analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be a part of, the basic financial statements.

NOTE (1) - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. SCOPE OF ENTITY

St. Landry Waterworks District No. 2 Rural, a component unit of the St. Landry Parish Government, was created by the St. Landry Parish Police Jury as authorized by Louisiana Revised Statute 33:3814. The ordinance creating this Waterworks District was dated August 14, 1989. The District is governed by a five member board of commissioners, appointed by the Parish Government, who are authorized to construct, maintain, and improve the waterworks system within the District.

As the governing authority of the parish, for reporting purposes, the St. Landry Parish Government is the financial reporting entity for St. Landry Parish.

The financial reporting entity consists of (a) the primary government (parish government) (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the St. Landry Parish Government for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- 1. Appointing a voting majority of an organization's governing body, and
 - a. The ability of the Parish Government to impose its will on that organization and/or
 - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the Parish Government.
- 2. Organizations for which the Parish Government does not appoint a voting majority but are fiscally dependent on the Parish Government.
- 3. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because the Parish Government appoints a voting majority of the Water District's governing body and the Parish Government has the ability to impose its will on the Water District, the Water District was determined to be a component unit of the St. Landry Parish Government, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the Water District and do not present information on the Parish Government, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

NOTE (1) - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

B. BASIS OF PRESENTATION

GOVERNMENT-WIDE FINANCIAL STATEMENTS (GWFS)

The Statements of Net Assets display information on all of the non-fiduciary activities of St. Landry Waterworks District No. 2 Rural, as a whole. They include the proprietary fund of the District. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Fiduciary funds are not included in the GWFS.

C. FUND ACCOUNTING

The accounts of St. Landry Waterworks District No. 2 Rural are organized in one fund, which is considered a separate accounting entity. The operations of the fund are accounted for by self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenses. The fund presented in the financial statements is described as follows:

Proprietary Fund

Proprietary funds are used to account for operations that are financed and operated in a manner where the intent of the governing body is that the costs, (expenses) including depreciation, of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

D. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the Statements of Net Assets, business-type activities are presented using the economic resources measurement focus.

The Proprietary Fund utilizes an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net assets.

Basis of Accounting

In the Statements of Net Assets, business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Unbilled and billed utility receivables are recorded at year-end. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

NOTE (1) - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

D. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING - Continued

Basis of Accounting - Continued

Purchases of operating supplies are regarded as expenditures at the time purchased and inventories of such supplies (if any) are not recorded as assets at the close of the fiscal year, unless material.

Proprietary funds are reported in accordance with GASB Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting. This standard requires that all applicable GASB pronouncements, Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board (APB) Opinions, and Accounting Research Bulletins (ARBs) issued on or before November 30, 1989, be applied to proprietary activities unless they (FASB Statements and Interpretations, APB Opinions, and ARBs) conflict with or contradict GASB pronouncements.

Operating income reported in proprietary fund financial statements includes revenues and expenses related to the primary, continuing operations of the fund. Principle operating revenues for proprietary funds are charges to customers for sales or services. Principle operating expenses are the costs of providing goods or services and include administrative expenses and depreciation of capital assets. Other revenues and expenses are classified as non-operating in the financial statements.

GASB Statement No. 20 also states that for proprietary activities, management may elect to apply all FASB Statements and Interpretations issued after November 30, 1989, except for those that conflict with or contradict GASB pronouncements. Proprietary activities under the control of the District have elected not to apply FASB Statements and Interpretations issued after November 30, 1989, unless they are adopted by GASB.

E. INVESTMENTS

Investments are recorded at cost, which approximates market.

Louisiana statutes authorize St. Landry Waterworks District No. 2 Rural to invest in United States bonds, treasury notes or certificates, time certificates of deposit in state and national banks, the Louisiana Asset Management Pool, or any other federally insured investment.

F. CAPITAL ASSETS

Capital assets (including infrastructure assets), which constitute assets of the Proprietary Fund, are recorded at cost and depreciation is computed under the straight-line method and the modified accelerated cost recovery method. The service lives by type of asset are as follows:

Water system	25 years
Equipment	5-7 years
Buildings/improvements	15-30 years
Furniture	7 years
Land improvements	15 years
Autos	5 years
Software	5 vears

Interest costs during construction are not capitalized.

NOTE (1) - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

G. BUDGET ACCOUNTING

St. Landry Waterworks District No. 2 Rural is not required to adopt a budget for its Proprietary Fund.

H. STATEMENT OF CASH FLOWS

For purposes of reporting cash flows, all highly liquid investments with an initial maturity of three months or less are considered to be cash equivalents.

I. <u>ENCUMBRANCES</u>

St. Landry Waterworks District No. 2 Rural does not employ the encumbrance system of accounting.

J. VACATION AND SICK LEAVE

St. Landry Waterworks District No. 2 Rural has two employees. Employees earn one week of vacation after one year of service. They earn two weeks of vacation after five years of service. Vacation cannot be accumulated. Employees are compensated at their hourly rate when sick.

K. BAD DEBTS

St. Landry Waterworks District No. 2 Rural has a policy of recognizing uncollectible amounts of water billings at the time information becomes available which would indicate the uncollectibility of the receivable.

NOTE (4) - RESTRICTED ASSETS

Under the terms of the Loan Resolution Security Agreements with the United States Department of Agriculture, Farmers Home Administration, which is now called Rural Development, all funds received shall be pledged for the purpose of the following funds and shall be set aside into the following separate accounts:

All revenue received shall be set aside in an account to be designated as the General Account. The General Account shall be used to make the monthly debt service payments plus operating and maintenance expenses.

From the remaining funds in the General Account there shall be set aside into an account designated as the Reserve Account the sum of \$370 (\$410 beginning 2/20/08) each month until there is accumulated in that account the sum of \$98,266 after which deposits may be suspended, except to replace withdrawals.

There shall also be set aside into an account designated as a contingency account the sum of \$370 (\$410 beginning 2/20/08) each month until there is accumulated in the Contingency Account the sum of \$98,266. Monthly deposits will then increase to \$570.

The proceeds from loans with Rural Development shall be deposited in the Construction Account which shall be established as required by Rural Development. Withdrawals from the Construction Account shall be made only on checks signed by the president of St. Landry Waterworks District No. 2 Rural as authorized by the Board and with prior concurrence of Rural Development. St. Landry Waterworks District No. 2 Rural's share of any insurance or liquidated damages and other monies paid by defaulting contractors or their sureties will be deposited in the Construction Account to assure completion of the facility. When all construction costs have been paid in full, any balance remaining in the Construction Account may be applied on the loan or used for other authorized purposes that have been approved by Rural Development and the Construction Account shall be closed.

The total funds held in each account are as follows:

	June 30, 2010		
	2010	2009	
Meter Deposits Construction account	\$ 47,970	\$ 48,970 100	
Depreciation and contingency	43,263	32,556	
Reserve account	83,660	77,940	
	174,893	159,566	

During the 2010 fiscal year, the Water System made twelve payments of \$410 into each the Contingency and Reserve Accounts.

During the 2009 fiscal year, the Water System made twelve payments of \$370 into the Contingency Account and twelve payments of \$370 into the Reserve Account.

The customers' deposits account represents refundable fifty dollar deposits collected from homeowners and one hundred dollar deposits collected from renters requesting service connection. Customers' deposits are deposited in a separate cash account and totaled \$47,970 and \$48,970 at June 30, 2010 and 2009. There was an amount due to the General Fund from the customers' deposit account in the amount of \$420 and \$4,570 at June 30, 2010 and 2009, respectively.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENTAUDITING STANDARDS

To the Board of Directors St. Landry Waterworks District No. 2 Rural Sunset, Louisiana

We have audited the accompanying financial statements of the business-type activities of St. Landry Waterworks District No. 2 Rural, as of and for the years ended June 30, 2010 and 2009, which collectively comprise the St. Landry Waterworks District No. 2 Rural's basic financial statements and have issued our report thereon dated October 20, 2010. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered St. Landry Waterworks District No. 2 Rural's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the St. Landry Waterworks District No. 2 Rural's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of St. Landry Waterworks District No. 2 Rural's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified one deficiency in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs that we consider to be a significant deficiency (2010-1) in internal control over financial reporting. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

To the Board of Directors St. Landry Waterworks District No. 2 Rural Page 2

Compliance and Other Matters

As part of obtaining reasonable assurance about whether St. Landry Waterworks District No. 2 Rural's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

This report is intended for the information and use of the Waterworks District's management and the appropriate regulatory agencies and is not intended to be and should not be used by anyone other than these specified parties. Under Louisiana Revised Statute 24:513 this report is distributed by the Legislative Auditor as a public document.

ST. LANDRY WATERWORKS DISTRICT NO. 2 RURAL SUNSET, LOUISIANA SCHEDULE OF FINDINGS AND QUESTIONED COSTS FOR THE YEAR ENDED JUNE 30, 2010

Section I - SUMMARY OF AUDIT RESULTS

- 1. The auditor's report expresses an unqualified opinion on the financial statements of St. Landry Waterworks District No. 2 Rural.
- One significant deficiency relating to the audit of the financial statements was reported in the Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with <u>Government Auditing Standards</u>, however we did not consider it to be a material weakness.
- No instances of noncompliance relating to the audit of the financial statements were reported in the Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards.
- 4. There was no single audit required under OMB Circular A-133.

Section II - 2010 FINDINGS - FINANCIAL STATEMENT AUDIT

Internal Control

2010-1. <u>Inadequate Segregation of Duties Within Accounting Functions</u>

Condition

St. Landry Waterworks District No. 2 Rural does not have adequate segregation of duties over receipts.

Criteria

Segregation of conflicting duties within accounting functions is a basic internal control.

Cause

Only one person performs accounting duties for the Waterworks District.

Effect

Inadequate segregation of duties within the accounting functions.

Recommendation

Based upon the size of the operation and the cost-benefit of additional personnel, it is not feasible to achieve complete segregation of duties within the accounting system.

Section III - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

None

Section 1 - INTERNAL CONTROL AND COMPLIANCE MATERIAL TO THE FINANCIAL STATEMENTS

2009-1 Inadequate Segregation of Duties Within Accounting Functions

Management is aware of and has evaluated this inadequacy and concluded that the related costs versus benefits to be achieved does not justify the additional personnel it would require to establish an adequate segregation.

Section II - FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

No prior year findings.

Section III - MANAGEMENT LETTER

No prior year findings.
